

# Connections at Great Ryrie Primary School

Connection Circles are part of our proactive wellbeing program run at Great Ryrie Primary School to benefit the social interaction and connectedness of its students. These sessions are run twice a term and are lead by teachers, with each group consisting of students from Prep through to Level 4. Connection Circles encourage children from all levels to work together in challenges, activities and games whilst developing friendships. Each Connections Circle has its own name and motto and friendly way to acknowledge each other in the playground eg These are the 'Funky Bananas' led by Alan Silverwood the school chaplain and they use the wiggling of fingers under their chin as their groups 'hello' sign.
